

I am an Artist!

ART LIVES IN
EVERYONE

*I am an Artist.
Art lives in everyone*

When random dots and lines turn into real objects, when the second picture follows the first one, when your kid lifts a brush finishing a picture to pursue his creativity.

Being a leader in the market of art supplies, Nevskaya Palitra has created the I am an Artist brand to help young creators take their first steps towards the art.

Exploring the environment through the eyes of an artist, understanding the connection between color and mood, learning the unique nature and power of paints – the I am an Artist brand will keep your kid interested in the chosen art path.

I use gouache Floret and I am an Artist during my work. I like it when you can work in different techniques: paint the background with thin glazes and refine the details with dense strokes. The paint layer does not crack when dry, does not stain hands when creating collages from color charts. Paints are well washed off from the surface of the table.
